Is there anything else you'd like to share regarding home learning provision or home/school contact?

I'd like to know the expectations of the children's work. I know it's case of do what you can, but what should the work look like when completed.

Thank you for all your hard work! I feel really well supported to help my child.

The video calls have been wonderful for our child. Seeing all her friends faces has really helped her come to terms with school being closed. Boasley Cross Dojo is such a positive space for both our child and her grown ups. The recorded lessons / sessions have allowed for child interaction / engagement and that is really appreciated. We are so thankful.

We are very impressed with the quick feedback that Mrs Winter is usually able to give on the work submitted. This gives our child confidence that he has completed the work in line with expectations. Also, we are now into the routine of checking the daily teacher posts on class dojo before 9am as well as the weekly learning planner and this means we can crack on with the daily work. During last school closure we seemed to be searching for the work on e-mails and via other platforms. This time it's much easier as we are only looking in one place. Thank you.

Would be nice if they did zoom lesson as other schools do. Especially with children that are so far behind in their education.

We have been impressed by the level of support offered by Boasley and the care and compassion for the children. Having just moved to the school we have felt included and supported which was incredibly important for us as a family.

I think in the current circumstances Mrs Elliott and Boasley are doing a great job.

I think the school is doing an amazing job in very difficult times. I feel supported and my child feels encouraged .

(Child) is so eager to submit his home learning to Mrs Winter and is very excited when he sees a reply from her. This makes our job much easier at home, as he wants to do the work. We have had more personalised contact from Mrs Winter in the last 3 wks than we had in the whole of the previous lockdown from his previous teacher. The work is achievable yet challenging and there is enough support through Dojo that we can get on with our jobs at keyworkers, and most of the time (Child) can work independently. Thank you Boasley!

(Child) has responded very well to all the feedback and dojo points given on his submitted work. The feedback has really helped with his motivation. He has also really enjoyed the Friday tutor catch-ups - a lovely way to end the school week.

ClassDojo is a pain to use. I generally don't know what has been received or not. There is no feedback on Dojo on particulat pieces of work submitted.

If you have any questions, do not hesitate to contact the school.

Ok

You are all doing a fantastic job, well done and thank you!!!
