

Dear Parent/Carer

Although the school is now closed due to the Coronavirus, we are continuing to provide education for your child. We will ensure children have access to home learning and I have prepared some activities for your child to have a go at over the 2week Easter break.

Please see the attached home learning recommendations for your child to have a go at during the Easter holidays (2 weeks). These activities are suggestions only and there should be something to suit everybody.

The main message is keep reading every day - books, e-books, magazines, recipes, instructions, read aloud, be read to - it doesn't matter what form it takes and get plenty of outdoor exercise too if you can! Most of all - stay home and stay safe!

Warmest wishes,

Mrs Dickinson☺

Weeks commencing 30.3.20 and 6.4.20:

Activity 1:

[The Great Indoors | Scouts](http://www.scouts.org.uk/the-great-indoors)
[www.scouts.org.uk > the-great-indoors](http://www.scouts.org.uk/the-great-indoors)

Great ideas from Scouts for indoor activities at home for kids when schools are closed and you can't be in the great outdoors. Bear Grylls has worked with the Scouts and pulled together some inspired indoor activity ideas.

Try and complete as many activities as you can - there are such a great variety of ideas! Keep a record of the ones that you do.

Activity 2:

Read aloud and independently - try writing a book review on our text Blackberry Blue or How Things Really Work or a review of a book you have really enjoyed, recommending it to your friends! You can also draw an illustration to go with your book review. Get creative!

Activity 3:

Using the link below have a go at baking a cake with your child. Encourage them to read the method and measure the ingredients carefully. <https://www.bbcgoodfood.com/recipes/collection/easy-cake>

After the children have made the cake, encourage them to write a full set of instructions (including images and labelled diagrams) detailing how you created your masterpiece... Think carefully about the key features of instructional writing. Follow the link below for some useful tips... <https://www.bbc.co.uk/teach/class-clips-video/english-ks1-ks2-how-to-write-instructions/zrvtscw>

Activity 4:

Have a go at taking part in at least 30 minutes of physical activity a day. Whether it is running around in your garden, or completing a home workout. Staying fit will keep you both healthy and happy! Design a fitness programme or set of circuits for someone else in your family and get them to try it out - remember you will need to show them to help them get the right technique!

There are 100's of things to do outdoors - 50 of these can be found on the National Trust Website at <https://www.nationaltrust.org.uk/50-things-to-do> .

Activity 5:

Go on a bug hunt or set up a treasure hunt in your garden or write a list of 10 things to find in your garden and challenge your family to have a go!

And for Easter...

Set up an Easter egg hunt or have a chocolate egg and spoon race
