

GEOGRAPHY:

In Geography we will be using simple fieldwork and observational skills to study the geography of our school and its grounds. We will focus on the key human and physical features of its surrounding environment.

ENGLISH:

Through out this term we will be focusing on applying our knowledge of phonics and punctuating sentences correctly. We will also focus on re-reading what we have written to check it makes sense and editing and improving our writing.

There will be daily guided reading sessions as well as handwriting lessons every morning. We will focus on storytelling and developing our vocabulary through reading quality texts in all subjects.

RE/PHSE:

In PSHE we will be identifying and talking about our feelings. We will discuss how our feelings can affect our behaviour and how we can manage different feelings.

In RE we will be making observations and recounts on different ways of expressing identity and belonging.

SCIENCE:

We will be observing changes across the four seasons and describing weather associated with the seasons. We will also be working scientifically by making tables and charts about the weather and making displays of what happens in the world around us.

Termly Overview

Year 1 and 2 Autumn term 2020

Resourcefulness, Resilience, Respect.

Please talk to your child at home about their learning in school and encourage them to read at home. Do ask if you have any queries about any of your child's learning.

Many thanks for your ongoing support,
Miss Bellew.

ART AND DESIGN/ MUSIC:

In art and design, we will be developing a wide range of art and design techniques including using pattern and texture. We will also be learning about the work of a range of artists, describing the differences and similarities.

In music, we will be using our voices expressively and creatively by singing songs and speaking chants and rhymes.

MATHS:

Throughout this term we will be recapping our counting skills and looking at the place value of 2-digit numbers (tens and ones). We will also be comparing and representing numbers. Following this we will start looking at strategies to add and subtract and learn number facts that will help to make our mental maths quicker.

PHYSICAL/OUTDOOR EDUCATION:

During this term we will be mastering basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities.

Please ensure your child's PE kit and wellies are kept in school.
